Dear Mr. Juan Díaz and Mrs. Yolanda Parrado,

Brexit Exchange is a new European-wide forum for an intelligent exchange of views, led by business and listened to by politicians from across Europe focused on promoting international dialogue to be consulted as part of the negotiation process.

On behalf of the Brexit Exchange initiative, it is our pleasure to inform you that ICP Consulting has been selected as a supporter for the initiative in Spain.

As Brexit Exchange supporters, you will seek to identify the decision makers from Spain's key economic sectors, and invite those target representatives and companies to participate in the Brexit Exchange initiative, enabling dialogue between business leaders and leading European politicians.

In this period of negotiation, the views of business are of great value, and that is why their concerns and suggested solutions should be consulted as part of the negotiation process and communicated directly into the negotiation process.

By taking part in the Brexit Exchange initiative, they could take part in the debates and exchange sessions held during the process and most importantly, their opinions and positions will be widely known through media channels of the initiative.

We very much look forward to our continued partnership and are confident in your success.

Your sincerely,

Jon Hudson
